This is more detailed than the slides and talking points. Sorry I didn't forward this to you on Monday.

Hi Amy,

As I mentioned during one of our discussions, I went through the Tribal letters to the NRRB and summarized their main points (I didn't include specific comments on the FS). This summary might be helpful to Jim when doing his tribal consultations next week and in February. Please take a look and let me know if you think it is an accurate summary of comments.
